Ray:

Well, it looks like we're finally going to make it, after these four years of hard work and experiences. Time has gone by so quick it seems like just yesterday we met at the preperation, remember? And remember Head Jail's Eve? That was fun? Always remember all the good times we shared. All the fun we had, but I guess those are only a few memories for more are yet to come. We've both had our ups and downs and have shared some difficult experiences together but I guess thats what makes a strong relationship work out. We still have a lot to learn about each other; a lot of surprises to encounter, but hopefully they will all be good. Thank you for being that super special person that you are. Thank you for being understanding and for standing by me. I guess I realize what you mean about people changing after high school, but I hope that this will only be the beginning for us, the real beginning. You have been such a big part of my senior year, we've shared so many warm moments together, and I really don't know how it would be without you. You know, you are a very unique and special person and I'm sorry that it had to be till our senior year to get to know each other. But then again if it was meant to be that way, then I guess we had a good start. You know, there are some times that we still have trouble trying to talk to each other, but like I've told you before, it's only the beginning. With time we shall develop more confidence, faith, hope and trust with each other. I hope that that time is soon. So what's else — (your fav. line) Well, I hope that your years at Salpian have been as fun and exciting as mine were at Conaty! Meeting new and old and exciting friends. Especially those crazy Jones. Well Ray, once again, thank you so much for being so special to me. May our relationship keep growing stronger and closer. I wish you all the luck, love and happiness in the world, because a person like you deserves nothing but the best! So, Congratulations on your Graduation! I'll be seeing you around.

Loving You Always,
Bertie

Now let us question life
and ask why . . .

Which are followed up by things
of truth which coincide

Let us know of its main concepts - -
the features of life - -

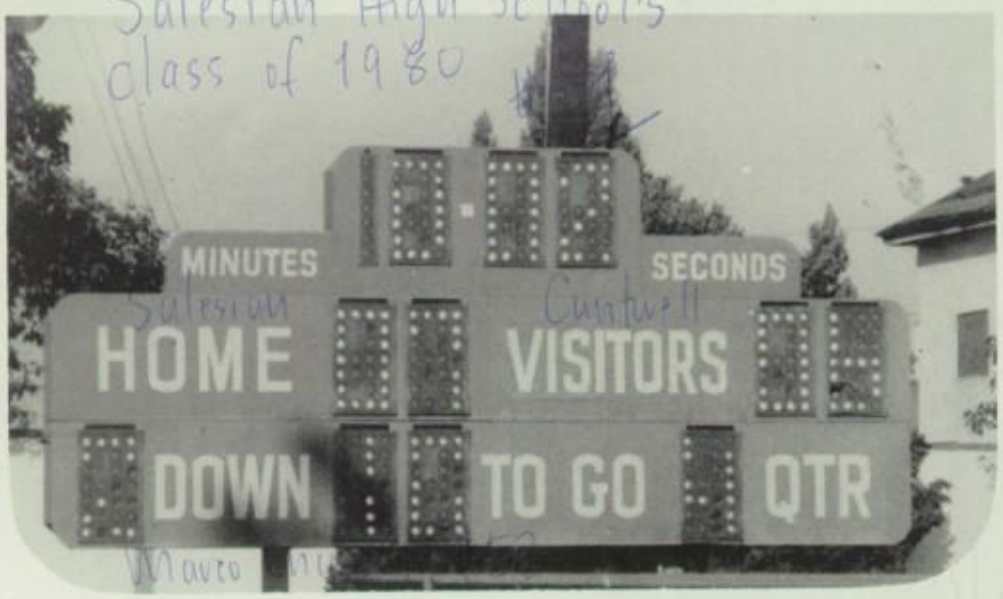
With the meaning of love.

We each have a certain fear - - deep inside - -

That will never go away unless we try to accomplish what we started on our journey into life.

Now we're in the theatre which features the "Year of the Mustang."

Salesian High School's
class of 1980

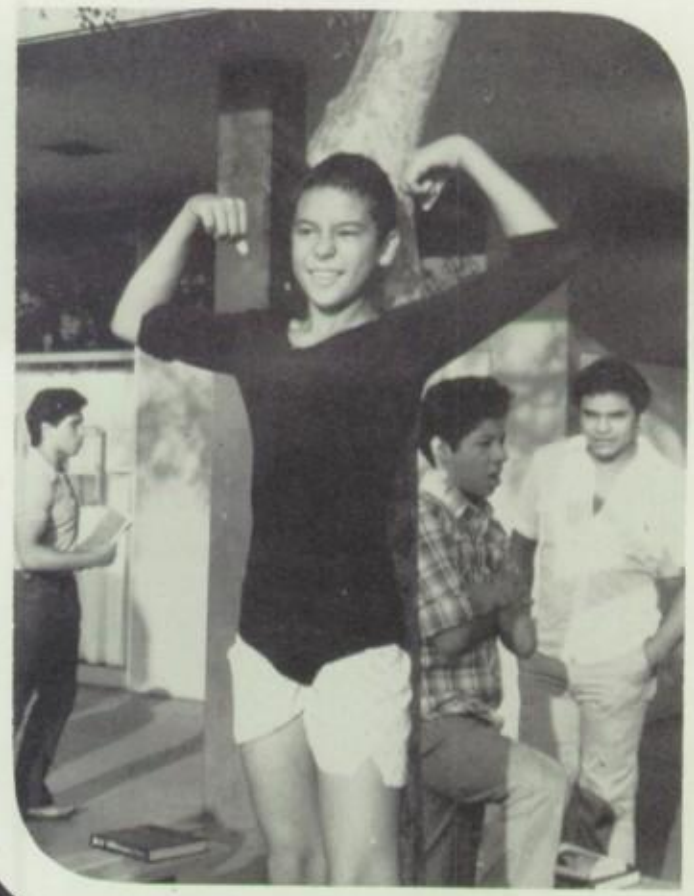


Here we can imagine even the most impossible.

We can close our eyes to see beyond

and journey into the world of fantasy.

But we should face reality and go after it with vigor . . .



Because we CAN always do better.

OUR DEDICATION
~TO~
BRO. NOEL

Diligence, dedication, and desire are only a few words that can describe Brother Noel DeBruton's work at Salesian High School. Salesian High School is indebted to this rather big man. But, who really is Brother Noel? Where did this man come from?

Brother Noel was born at Queen of Angels Hospital here in Los Angeles on November 3, 1935. After graduating from San Gabriel Mission High School, he attended Woodbury College before joining the Salesians in Richmond, California, in 1956. After two years of work and vocation, Brother Noel became a Salesian on September 8, 1958. In 1976, Brother Noel came to Salesian to share his life with the students.

Currently, Brother Noel is head of the business department and is teaching Economics, Religion III, Business law, and Accounting I and II. He is also the career center counselor. Besides spending time with the students, he also loves plants, quiet music, and just spreading his love.

Salesian High School owes much to Brother Noel's four years of work here, and for this reason, this yearbook has been dedicated to that tall man with the dark glasses.

FR. LEO BAYSINGER'S MESSAGE TO THE SENIOR CLASS OF 1980

BISHOP MORA SALESIAN HIGH SCHOOL

960 SOUTH SOTO STREET / LOS ANGELES, CALIFORNIA 90023 / AN 1-7124

May 24, 1980

Dear Graduates,

Four years in your lives is such a short time, and it has passed so very quickly! Yet these four years at Salesian have been historical. Just think of the past two years especially - the death of two popes, the election of two others in their places, the trips of the present pope to this country in the Fall, the voyages of the rockets to Jupiter and Saturn. Think of the voyages you have taken down the path of life these four years. Think of the changes in your own life and how you have matured during these years. The time you have spent in the maturing process has, I'm sure, been extremely rewarding for you.

There is much for which to be thankful. Your parents have sacrificed much for your education. You have worked hard to attain this glorious day. We have watched you grow and felt the growing pains along with you. The years at Salesian have been for the most part happy ones, and you have been able to share them with members of your class, and this year especially with the freshmen.

The date at the top of the letter is an important one for all Salesian students. It is Mary Help of Christians' feast. She brought you here four years ago. She has helped you in your difficulties. She has brought your high school years to completion with your cooperation. May she continue to be the star in your life and may you continue to rely on her help as you go on with your lives as her son's followers.

It is our sincere hope that the years at Salesian have been and will be the molding factor in your lives and that you will remember what we have tried to do for you here. We pray that you will live according to the principles learned here and that you will be a credit to Salesian and to your country.

God bless you all!

What do you mean you forgot your shoes?

A FEW WORDS FROM BRO. TOM . . .

The forecast for Salesian X-C was that the Mustangs would have a representative team—that is, win the Camino Real League Championship and then do well (finish in the first five) in the CIF finals.

The squad, led by Capt. Danny Martinez, worked diligently, and bit by bit, the pieces started falling into place. Soph. Sal Casillas and Junior Gus Mojarro were strong. Junior newcomer, Cesario Marquez, added great strength to an already fairly strong unit. The midway blossoming of Soph. Tirso DeAnda really emphasized the strength of our "first five", at the time; while still later, Junior Bonafacio Garcia shouldered his way into the "five", and thus made it a superior team. Junior Tony Rodriguez made it tough on the varsity men, Juniors Brian Lewis and Hector Rodriguez, by taking over seventh spot in the starting line-up.

And so it is to all of these five young men that Salesian is so proud . . . proud that they carried Salesian's colors into the tough competition of the CIF finals without faltering . . . proud of the fact that despite the "burden" of being favored to win—they DID WIN, for this takes character. We are proud also of our subs, Juniors Hector Rodriguez and Brian Lewis, for their excellent competitive spirit which aided so much in the team's success.

So from all at Salesian to you tough Mustangs—may God's blessings be with you and your loved ones always, and may you use this great experience as a stepping stone to future success in life's many challenging paths.

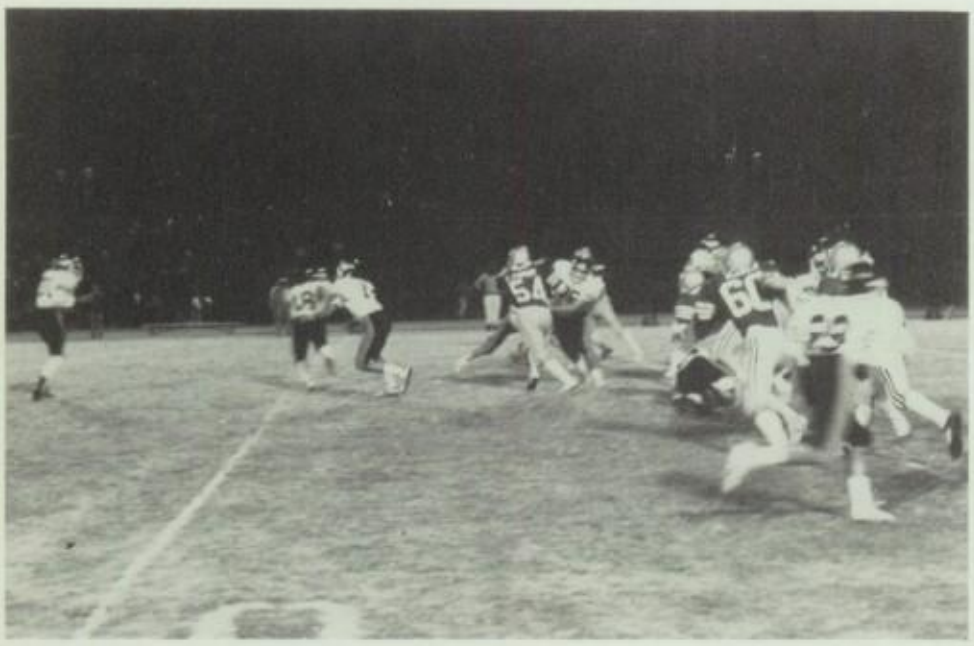
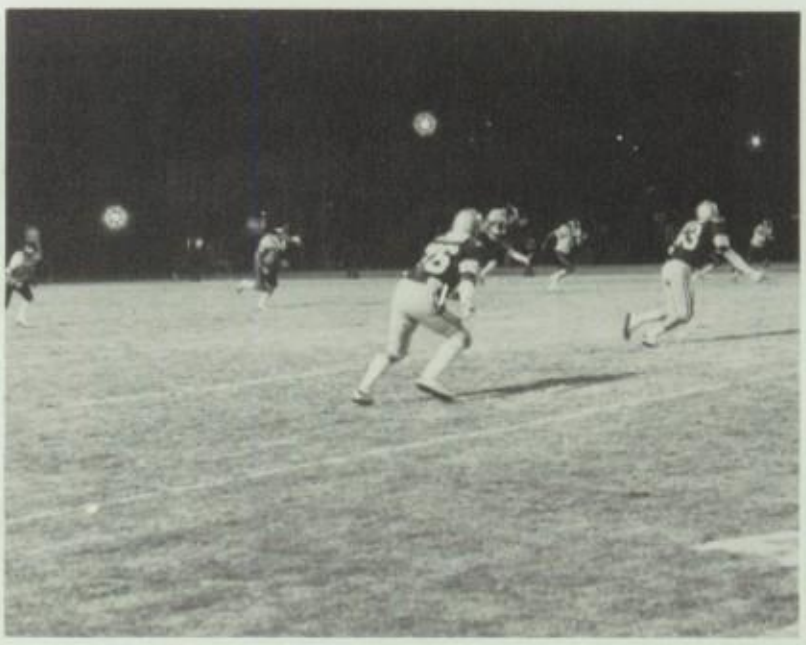
Our Varsity, ready for their last season game.



Duh! Which way do we go?



The beginning of the game.

Looking back on this year's 79-80 football season, various accomplishments come to mind. One obstacle which the Varsity squad had to overcome was its lack of size and experience in a tough competitive league. Yet, the Mustangs made up for this disadvantage simply by playing more intensively than their opponents. Even though the Mustangs ended with a mediocre season, they were in practically every game with scores of 7-7 vs Verbum Dei, 13-12 vs Daniel Murphy, 18-13 vs Sierra Vista, 14-7 vs Mountain View, and 12-6 vs St. Genevieve. Thanks to a small but hard hitting defense, the Mustangs shocked several teams in our league.

Another accomplishment of this year's football team was its victory against rival Cantwell High School. This was the first time Salesian beat Cantwell since 1967, a major goal set and completed by Salesian. But the most important accomplishment was the unity surpassed by no other team of Salesian in the past five years. A Salesian football player was not classified as a Sophomore, Junior, or Senior but as a Salesian Mustang Varsity Football Player.

The 79-80 football season will always be remembered in the years to come for its 3 major accomplishments:

Unity, intensity and that October 22nd, the day of the Black and Blue wrecking Crew.

The little man catches the ball again.

SOCCER

"INJURY RIDDEN"

The soccer team this year was struck with many injuries. Many of the injuries occurred during pre-season and practice. By the time the second league game came around, six players were injured—three of them had been starters.

The new coach, Steve Bonderud, has done very well with the team. Being a new coach, he started out by trying to get to know his players' abilities. He has done very well in trying to organize the team and train this young and inexperienced group.

THE 1980 SOCCER TEAM: Standing: Coach Steve Bonderud, Alfred Soto, Julio Duran, Juan Amezquita, Oscar Lafarga, Gricel Saldana, Jimmy Duran, Carlos Camacho, Eliseo Gonzalez, Jose Caro.

Speight makes it seem easy by tipping the ball with ease.

Moreno must be thinking, "Foul, and you missed the ball."

Seville takes it across the court.

A quick talk with the coaches for a new strategy.

Pacheco pulls another fast one.

Even with the flock around him, Warren manages a break through.

COACH VALLES: "The Varsity in Retrospect"

Locked into a league of two parts, the Mustang basketball squad is struggling against the height and depth of teams like Verbum Dei, Serra, and Daniel Murphy. At the same time, the squad is holding its own with teams of comparable ability. There is no doubt that the team has talent in Seniors Henry Rodriguez and Warren Sapp and Juniors Mike Speight, Alex Hernandez and David Seville. In this season, the team suffered from injury and apathy, yet there is hope for a stronger and more productive future.

There's no stopping us now.

Coaches Fr. Voight and Mr. Valles look confident as Rodriguez lays it up against the alumni.

The track team is getting much stronger with help from their coaches. Bro. Tom has always been effective in producing a strong distance team. Fr. Rich is now building an excellent sprint team. This year there are many Salesians interested in track which will contribute to our spirit.

Frosh Orientation

One of many servants

The purpose of the orientation of the freshmen is to show these new Salesian students that they are being accepted into the brotherhood of the Salesian family. During lunch and before school, the freshmen sang, danced and "slaved" for the seniors. The days of orientation week created an experience that the freshmen will always remember . . . especially the last day when they had to race across the gym floor while pushing peanuts with their noses, when they were covered with honey and then decorated with feathers, and when they went through the senior-built obstacle course. A hard working orientation committee insured that no freshmen were really hurt and that everything went smoothly.

The Homecoming Queen for 1979-1980 is Martha Corona of Sacred Heart of Jesus High School. Miss Corona was escorted to the Homecoming Game and Dance by Edward Ramirez.

The Etalon Staff and the entire Student body would like to congratulate Martha and all the members of her Court and wish them the best of luck in the future.

We also would like to thank everyone who helped make this Homecoming possible.

A SUSPENSEFUL GAME

Talented Mando Pacheco tearing apart that Verbum Dei Defense.

The 1979-1980 Homecoming game was set for Nov. 9 against Verbum Dei High School. Both Teams were evenly matched, yet Salesian seemed to have a slight edge.

Towards the final moments of the second quarter, with the score tied seven-seven, Salesian missed a 21 yard field goal which would have been the game winner.

However, Salesian had two other opportunities with minutes left to play. These field goals were also missed, but they were of a much longer range. The game ended with a seven-seven tie.

Although we only tied the game, the student body and faculty were very proud of their team and would like to congratulate them on a fine effort.

SALESIAN DAYS

Salesian Days are a time when the entire student body gets together to commemorate the life and ideals of Saint John Bosco, the patron saint of the Salesian's. On these two days, after the rough Semester Exams, each student has a chance to compete in games such as football, basketball, tug-o-war and warball. But each class strives to be #1, by earning the honor of winning the Spirit Trophy. This year, the honor went to the Senior Class of 1980, the second time in the past two years.

This year, we were honored to have His Eminence Cardinal Timothy Manning come and join in our Salesian Day celebration. With the end of all festivities, we ended the celebration with mass presided over by Cardinal Manning.

We wish to thank everyone who helped make Salesian Days a success. We would especially like to thank Cardinal Timothy Manning for taking the time to come and participate in our Salesian Day celebration.

In anticipation of your visit we have been preparing by class masses, our reconciliation service, individual attendance at daily liturgies, joining in the festive competition of intramurals at Salesian Days, and our individual prayers for you. May the times you return to our campus be many and may the Lord continue to bless and keep you always!

SPIRIT RALLIES

(Above) Little Red Carlottahood.
(Below) The Mighty Seniors show their spirit.

This year, as in the past, Salesians have always shown their spirit in rallies. Rallies are always a joyous event, and they are used to give our teams a feeling that we are all behind them.

In our rallies, students perform skits, bands play, and sometimes our cheerleaders do a cheer or two.

We, the Annual Staff, would like to congratulate the students of Salesian High for their great display of spirit and pride in their school.

Show us the way, Seniors.

OUR LADY OF GUADALUPE

OUR LADY OF GUADALUPE

Continuing a long tradition, the students of Salesian High School remembered the events which took place at Tepeyac, more than four centuries ago. Our Lady of Guadalupe, the patroness of the Americas, has won much respect and devotion from her sons, especially in recent years. Although this devotion has been associated historically with the poor and downtrodden, much interest surrounds the origin of the mysterious image, found on the Indian TILMA. Part of the mystery is the cloth itself. The image is not painted, but JIBU is colored, which gives marvelous depth and grace to the picture when one sees it personally.

To the Aztecs of 1550, Our Lady is portrayed as more powerful than the sun, as she stands in front of its rays. She is more powerful than the moon, as she stands on top of its crescent. She wears the robes of a royal princess, yet her head is bowed in prayer to her Son.

In the colonial era, many devotions to the Virgin and saints were imported by the ruling Spaniards, but this particular and beloved image did not come from Spain. It came as a sign to the Indians. The message was simple. In the eyes of the Church, all are equal and free before God; Spaniards and Indians, rulers and subjects, Christians and pagans.

Each year we remember these things and apply them to our own lives as we learn from the richness of our past. They show a living tradition, helping us in the present and guiding us from the future.

PROCESSION

Here at Salesian High School, we make it a point to honor our Lady of Guadalupe with an annual procession of beautiful floats and groups of people from her different parishes marching and singing. This event is always a very beautiful one, and crowds of people come from miles away to view the event.

In our past, Salesian displayed either a float or a marching band, but this year it was different. In this 1979 procession, the faculty as well as the student body decided to march in the procession to show the love and honor we have for this blessed lady.

The Salesian Lettermen lead the way.

A NIGHT TO REMEMBER

As the years of study and sacrifice come to conclusion, it was a time to celebrate and get together for one of the last times as a class. The 1980 Prom was held in the Empire Room of the Long Beach Hyatt House, overlooking the Long Beach Marina.

This special night was anxiously awaited and received well. All those who attended were indulged with an exquisite dinner and entertained with music and dancing, ending this night with the departure of the class of 1980.

So what's a nice girl like you doing in a place like this?

Proceeding to the Empire Room for an enjoyable evening.

Beto and Rita enjoying a pleasant evening.

Relaxing as the night is just beginning.

Robert what do you mean the prom isn't today.

Oscar watching his footing as they approach the Empire Room.

As President, I believe everybody has a right to my opinion.

And then she said . . .

Never in the past of Salesian High School has the school ever held a Valentine's Dance. But now things have changed: the Student Council decided to sponsor the first Valentine's Dance. This meant that for the first time in Salesian's history, they had a unique dance.
The only hopes now are that Salesian will continue the Valentine's Dance as one of its formal dances.

Everyone is having a good time.

'79-'80 STUDENT COUNCIL

The Associated Student Body (A.S.B.) is composed of seven student executive officers, twenty class officers, eight school club representatives and one moderator. These students were elected by the student body of Salesian High School. They serve Salesian by organizing activities, settling financial problems, and satisfying grievances.

Although A.S.B. members serve Salesian, their position does not allow them to seek the needs of the school on a one-to-one basis. The individual students are advised to bring their ideas to their class officers. The A.S.B.'s goal is to have an outstanding system of government and more school unity.

WE'VE COME A LONG WAY!

The 1979-80 PONY EXPRESS has certainly made progress, growing from October's Xeroxed, hand illustrated edition to today's fully lithographed and illustrated work.

Under the direction of co-editors Danny Martinez and Humberto Flores, the EXPRESS staff works hard to keep students informed of campus happenings with such articles as "Sports Round-up," "Teacher Feature," "Let's Hear It," and everyone's favorite "Charlie Campus."

The EXPRESS staff wishes to thank the following:

Don Bosco Technical Institute for supplying the paper.
The Salesian Print Shop for all lithographical work.
Mrs. Sobiech, Bro. Pat, and Mr. Beaulieu for their help, hard work, and support.
Fr. Leo for always providing a typewriter.
Charlie Campus for his saucy insights into Salesian life.

FIRST ROW: Gilbert Marin, Vic Camello, Javier Romero
SECOND ROW: Mrs. J. Wright, Moderator; Jaime Contreras; Amado Diaz; Luis Guerero, Carlos Rodriguez, Robert Lazos.

Since the second semester of last year, the Chess Club of Salesian has come alive. It has been absent since 1964-65. But this year is different. The Chess Club now has spirit. With last year's members combined with the new members, who are mainly from the class of '82, the club is ready for action. Each member is eager to challenge other schools and is currently seeking a tournament.

Last year, led by Javier Romero, the Kingmen took part in a tournament at Birmingham High School in Van Nuys. They came home the victors, winning a trophy in their first contest. Credit goes to all the members.

This year, the club has a new president who is still asking Mr. "Cookie" Vega for a match.

The Chess Club isn't scheduled for any tournaments until the latter part of the school year, but everyone is putting 100% effort into practicing.

A challenging game.

Membership, however, is also based on scholarship, service, leadership, and the character of the student. All members have dedicated their time to help classmates and faculty members. Integrity, cooperation, and ethics are a few characteristics of every person involved in the Society.

As a member, pride and leadership are developed as a result of participation in the Society. The Society has helped students to mature into young men who will lead and serve the community.

The Salesian Lettermen Society, now in its twenty-first year of existence, has been a very important and meaningful contribution not only to Salesian High School but to the community as well. Their presence has been felt especially through their active participation in the Guadalupe procession and their Christmas party for the unfortunate children of our community. The Lettermen sponsored dances, ushered at school activities, games, and rallies, and showed true Salesian spirit in their athletic activities.

PEER COUNSELING

STANDING: Counselor Jim Schwartzbauer, Guidance Director Fr. Bob Stein. SITTING: Peer Counselors Gus Acero, Miguel Rodriguez, Jesse Rodriguez, Javier Romero.

Near the end of the summer vacation of '79, four Salesian students joined students from other high schools to get training in peer counseling. The workshop was held at the University of California at Irvine. In this workshop, these students learned the various skills needed in aiding students to apply for an education outside, of high school. The skills learned included filling out the various applications which colleges and other institutions used. They also learned communication skills and information about the various scholarship programs.

Salesian's peer counselors also went to various other workshops arranged by Fr. Bob Stein. Thanks to Fr. Bob and Mr. Schwartzbauer, the program worked quite successfully. The only hopes now are that other students will contribute their aid and assistance to the school and its students.

BEHIND THE SCENES OF SALESIAN

How many of us have seen the inspiring work of the Salesian faculty members? This year, besides the dedication, we would like to recognize a few of the teachers for their hard work and devotion to the students and the school. We would like to distinguish the efforts of Mr. Roy Barnett for the many years he has spent helping the students prepare for college by giving them an education in Chemistry and Physics; Mr. Walter Schiffer for his hard work in making our annual fiestas a great success; Mr. David Beaulieu for his work in the English Department so that every student may benefit; And Bro. Jerry Weirich for his work in the cafeteria and in keeping the school running by caring for all financial matters.

Many students may see these hard workers as mere faces in our halls. But until they really know what these teachers have done for them, they will not fully appreciate them for their hard work and devotion.

To Ray.
Well its been pretty good here at SHS and I hope you have had some good times, I have had some pretty good times, remember the time we went to the drive-in. I also want to congradubate you for a job well done as the ASB president. Id it wasn't for the smooth running of the ASB then the school would'nt run the way it did. Hope that you get whatever you want in the future and good luck in whatever you chose to do. Lets keep on partying in the summer - 262-5900
